

Discover Your Path

Workshops

Discover Your Path helps you determine your strengths and skills and match them with specific jobs. We will explore the local labour market and identify potential employers. If you need additional skills or training to reach your job goal, we will identify how and where to get that training. Complete a session of employment exploration where you will:

- Explore all types of work
- Use “Career Cruising” and consult with the facilitator Identify an employment goal based on your interests, skills, experience and education
- Look at specific local labour market information related directly to your employment goal
- Identify potential employers
- Identify which skills and/or education you need to reach your employment goal

This workshop is designed to help job-seekers look at the type of work they are suited for, interested in and qualified to perform. Sign up and discover YOUR path.

Explore ALL your options and discover opportunities you may not have considered for your future career.
