Deadline for submissions is
TUESDAY SEPTEMBER 20, 2011

"Ever since my uncle took me for my very first ride in his transport I instantly knew that this would be the job for me.

Over the years life took me into the Health Care field from the age of seventeen to 2005 at which time I was forced to leave that career behind because of an accident. After two years of rehabilitation I was able to re-join the work force. I dabbled in construction for awhile which I found to be a rewarding job, but even after all these years, I realized I still had a deep desire to drive transport."

*After researching the industry, Maggie applied for **Second Career** funding but her application was not successful. Undaunted, Maggie continued to pursue her career goal and after a year she was assessed, again, for the **Second Career** program at YES Employment Services, North Shore Communities office. With her change in circumstances over the year, Maggie's application met the criteria and received funding.*

"I went to Transport Training Centres of Canada in Thunder Bay, Ontario where I started driving right away. Throughout my training I experienced a rollercoaster ride of emotions that at the beginning were difficult...but a new found confidence got me through the MTO Drive Test.

I am now employed driving transport. I have gone through the weight scales and received my first letter stating that all was perfect. I have no regrets to this day and am happy to finally be doing what I have longed to do.

I want to thank everyone who helped me get here; my family, my husband Bill, YES Employment Services especially my counsellor Matt Villella, Transport Training Centre of Canada, the MTO instructor Dave and the general public of Thunder Bay for their patience and understanding in realizing that we need the room to drive these Big Trucks!

Thank-you! "

Maggie Trudell
